Winter Break
No School

- Please join us February 2 for a celebration of literacy at our upcoming **100 Book Club Awards**. Any child that has reached the 100 level will be invited to participate in the celebration in June.
- **Book Swap** continues to run every Friday morning. Be sure your child stops to pick a book to add to their 100 Book List.
- **Movie Night** On February 10 from 6:00-8:00 the PTA will be sponsoring another night of entertainment. We will be featuring the movie **Cars 2**. Families can come and enjoy the movie along with a variety of refreshments. An adult must be present for students to attend.
- **Wellness Committee:** This committee recently formed to promote a healthy school environment for both students and staff. We encourage your child to bring healthy snacks to school. These might include fruit, veggies, yogurt, water and low-fat milk. Please do not send it candy or soda.
- **Math Coach Corner:** Did you know that researchers have found evidence to show that with proper use, calculators can improve children's understanding of mathematics? The use of calculators promotes good number sense and problem solving skills. To learn more about how the use of calculators contributes toward learning, visit the following websites:
<http://everydaymath.uchicago.edu/about/understanding-em/calculators/>
<http://everydaymath.uchicago.edu/parents/parent-links/>

- **A Big Thank you** from Mr. Saucier to all the students, parents and staff that helped to make our recent drama production a success!
- **Winter Break** will be February 27– March 2. Enjoy the time off!
