REACH Coord.

Welcome to East Rochester School!

The 2011-2012 school year is a year of new beginnings, exciting new challenges and a commitment to excellence in all that we do with the children and families we serve! There will be some changes as we move forward this year and all of them will be focused on our school mission, our district and school goals and the desire to keep our school community safe within a responsible and respectful environment.

All summer, we have been working hard to plan, to organize materials and programs and to clean our building to best serve the needs of all children and staff. We are lucky here at East Rochester School to have a wonderful highly trained, hard-working professional staff with big hearts and a sincere passion to provide quality learning experiences for our students. Committees have met, staff has been involved in professional development, repairs made and classrooms are being set up to welcome students!

As we begin this new school year, please be involved with our P.T.A.! Your support and help through the wonderful work of this organization is just one way to help us provide the best educational opportunities for your children. None of us can be successful without the help and support of you, our parents. It is my hope that you will always find this staff approachable and welcoming to your questions and any issues or concerns you need addressed.

Thank you, in advance, for your trust and your sincere belief that we are in this together. Please work with us to help your child to have the best year, ever!

Sincerely,
Coby Troidl
